who we are

HHP/Helping Hand Partners offers high-quality goods that pair modern design & handmade craftsmanship with a socially responsible mission.

We specialize in corporate gifts, incentive, promotional, and retail products.

our bags

Our purses, tech carriers, dop kits, messenger bags, and backpacks come in a variety of shapes, sizes, and materials – from natural woven cotton and leather to fishing netting - which is incredibly sturdy and available in a contemporary rainbow of colors. All are handmade with attention to every detail.

The most important feature is the one you can't see: how each and every bag carries more than your wallet - it carries the potential of a better life for the artisan whose hands created it.
